Share the Vision.  Share your Voice.
Caroga is a beautiful destination. We look to see our town vibrant and strong again. Our vision is to experience Sherman’s Park as the iconic heart of our town—as it was in the past and should be once again in the future. By sharing our voices now, we can make Caroga the best it can be for all.

The Caroga Arts Collective (CAC) aims to give new life to Sherman’s grounds by building a public space that everyone can enjoy. Families and children of all ages will have a place to go, with spaces to create memories together through family-friendly events and community learning opportunities. If this happens, then Sherman’s can become Caroga’s gathering place again, as it always was meant to be.

Caroga Arts’ plan for Sherman’s will give benefits to the whole community and take away burdens from local citizens. For example, the public will no longer be saddled with the expensive costs and liabilities of maintaining and restoring a deteriorating property. Caroga Arts will undertake expenses to update Sherman’s as a public space for all to enjoy, away from costs to taxpayers. The town would also be free from the controversial 2014 Donation Agreement, removing long-term legal risks to the town and taxpayers. In addition, with the taxpayers in mind, Caroga Arts has volunteered to pay Caroga the amount of town property tax and fire tax. This would put Sherman’s property tax money back on the rolls. Caroga Arts’ future is Caroga’s future.

With a revived space, community members and local business owners will have even more opportunities to benefit and thrive in our Adirondack town!

VOTE
☑ YES
Caroga’s future is in your hands!
Your voice matters. Together, we can make our community the best it can be.

General Election & Referendum
TUESDAY
★ NOVEMBER 5, 2019 ★
